

# SHANTONG SUN

California Institute of Technology, Pasadena, CA 91125

[shantong@caltech.edu](mailto:shantong@caltech.edu), <https://stsun.github.io>

## RESEARCH DESCRIPTION

---

**Interests:** Large-scale circulation of the ocean, especially the global ocean overturning circulation and its interaction with the atmosphere and cryosphere; Paleoclimate

**Methods:** Numerical simulations using general circulation models (GCMs); development of idealized conceptual models

## EDUCATION

---

<i>Ph.D.</i> , Physical Oceanography Scripps Institution of Oceanography, UC San Diego Advisor: Ian Eisenman	2013-2019
<i>Master of Science</i> , Physical Oceanography Ocean University of China Advisor: Lixin Wu	2011-2013
<i>Bachelor of Science</i> , Marine Science Ocean University of China	2007-2011

## APPOITMENTS

---

2019-present: Postdoctoral scholar, California Institute of Technology

2013-2019: Graduate Student Research Assistant, Scripps Institution of Oceanography, UC San Diego

## PUBLICATIONS

---

Submitted

Peer-reviewed

9. [S. Sun](#), I. Eisenman, L. Zanna, and A. L. Stewart, 2020: Surface constraints on the depth of the Atlantic Meridional Overturning Circulation: Southern Ocean vs North Atlantic. *J. Clim.*, accepted

## PRESENTATIONS

---

1. AGU Fall Meeting (2015): Influence of the Southern Ocean on the global deep ocean stratification (Talk)
2. Southern Ocean Workshop (NCAR; 2017): Does Southern Ocean surface forcing shape the global ocean overturning circulation? (Talk)
3. Ocean Science Meeting (2018): Does Southern Ocean surface forcing shape the global ocean overturning circulation? (Poster)
4. Seminar at Caltech (2018): What sets the depth of the Atlantic Meridional Overturning Circulation?
5. 22nd AOFD (2019): What sets the depth of the Atlantic Meridional Overturning Circulation? (Talk)

## TEACHING EXPERIENCE

---

1. Fall, 2016: Teaching assistant for SIOC 210 Physical Oceanography (Instructor: Lynne Talley)
2. Fall, 2017: Guest Lecture for SIOC 209 Numerical Modelling of the Climate System (Instructor: Ian Eisenman)

## OTHER ACTIVITIES

---

Reviewer for *Journal of Geophysical Research-Ocean* and *Journal of Physical Oceanography*

NASA Summer School on Satellite Observations and Climate Models, organized by the JPL Center for Climate Sciences and the Keck Institute for Space Studies (2019)
